REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Independent claim 2 calls for: A liquid sealing type vibration control device comprising: a first attachment fitting; a second attachment fitting; a vibration isolating base body made of rubber-like elastic material interconnecting these; a diaphragm attached to the second attachment fitting to form a liquid sealing chamber between the vibration isolating base body and itself; a partition body compartmenting the liquid sealing chamber into a first liquid chamber on a side of the vibration isolating base body and a second liquid chamber on a side of the diaphragm; and an orifice putting the first liquid chamber and the second liquid chamber into communication with each other, the partition body including an elastic partition membrane and a pair of lattice members regulating a displacement amount of the elastic partition membrane from both sides thereof, wherein the elastic partition membrane is provided, on both faces thereof, with respective rib groups in a projecting manner; the rib groups each consist of a plurality of first ribs and a plurality of second ribs mingled with one another; the first ribs are arranged on a surface of the elastic partition membrane so as to be capable of surrounding lattice holes every lattice hole or a plurality of lattice holes and the second ribs are arranged on the surface of the elastic partition membrane in a distributed fashion; the first ribs are set in such a height dimension that top parts of them can be situated apart from the lattice members; and the second ribs are set in such a height dimension

that top parts of them abut on the lattice members and are set in a smaller rib width than the first ribs.

Independent claim 4 is similar in scope.

The prior art of record does not anticipate or render obvious the rib arrangement as claimed in the independent claims. Further, there is no double patenting issue with Itoh et al. U.S. Patent 6,910,683.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
